

Notes, Follow-up, and Action Items

Groundwater Committee

Announcements & Items of Interest

South Bay Report Awareness:

- Alec will schedule Board presentation for February; Summarize key points in 10 minutes for Board members

GAMA/ AB599

- Sarah will coordinate comments on Santa Clara/San Mateo GAMA report. Sarah, Alec, Nancy, Keith and Laurent will review and provide comments. Sarah will attend the next quarterly update meeting to be held in November. GAMA data for R2 will be made available by SWRCB.

Workgroup Topics

Electronic Plume Reporting

- Keith/Jeff/Laurent will set up meeting with State Board to get buy-in on plume reporting project and design

GW – SW Interaction

- Michael will coordinate subcommittee meeting. Will discuss outreach efforts to local planning agencies and development of “Fact Sheet” addressing issues of concern.

GW Basin Plan Amendments & Language

- Alec and Keith will explore ways to “de-couple” controversial amendments and re-package. Will meet with Steve Moore to discuss “piggy-backing” with surface water amendments already in process.

Grants & Funding Opportunities

- Mary Rose/Alec will forward information about AB303 grant applications, workshops, and due dates once available.

GW Website

- Jeff and Laurent will revise prototype for groundwater website. All committee members will provide feedback and ideas on purpose, content, access, and organization.

South Bay Report Recommendations:

- **Vertical Conduits**
 - Chuck will take lead in development of “Fact Sheet” for distribution to local planning/permitting agencies. Fact Sheet should advocate for programs similar to what ACWD’s tri-cities use
- **City General Plans**
 - Need someone to lead. Consider developing “Fact Sheet” describing issues of concern for groundwater protection, and suggestions for defining recharge areas. May include maps from South Bay Report.
- **Drycleaner Cleanups**
 - SCVWD report on pilot study has been stalled. Tracie will attempt to accelerate the completion schedule.
- **SM Plain Basin Boundaries**
 - No activity
- **Leaking Sewer Lines**
 - No activity
- **Regulatory Maze**
 - AB599 to address
- **Site Naming, Numbering, & Tracking**
 - AB599 to address
- **Institutional Controls**
 - No Activity
- **GW Management Plans & Annual Reporting**

- Erdmann will consider applying for AB303 funds to develop a groundwater monitoring and management plan for the San Mateo Plain. Will coordinate with local groundwater suppliers.
- **Operating Gasoline Stations**
 - Chuck will compile latest results from program.
